LONG ISLAND WIRE AND IRON WORKS,
J. NORWOOD, 349 ADAMS ST., near City Hall, Brooklyn.

## THE HOLE IN THE FLOOR.

In the primitive days of our grandfathers' time,
When the fire-place, genial and bright,
Its cavernous recesses glowing with flame,
Filled the old-fashioned kitchen with light;
They used often to gather at close of the day,
Round the hearth-stone, that altar of yore;
But men of this modern and glorified age,
Collect round—a hole in the floor.

The grandfather sat in the chimney nook,
In an old-fashioned splint-bottomed chair,
And solemnly read from the blessed old Book,
Then knelt with the household in prayer;
Their altar, the time-honored hearth-stone, with gleams
Of the fire-light flickering o'er,
We moderns all worship 'neath fresco and gas,
Our altar—a hole in the floor.

When from the old hearth-stone the children went forth
To join in the soul-thrilling strife,
And win themselves laurels or valiantly brave
The buffeting surges of life;
Then with world-wearied hearts yearning sadly for rest, [more;
They would seek the old hearth-stone once
But we, when aweary with toil and oppressed,
Return to—the hole in the floor.

When the tumult of war o'ershadowed our land,
And our forefathers rushed to the fray,
To repel the invaders that threatened our homes,
Leaving mothers and daughters to pray—
The thoughts of their hearth-stones gave strength to their arms
And thrilled their brave hearts to the core,
But our heroes when called on their homes to defend,
Must fight for—a hole in the floor.

Then let us rejoice that we live in an age
When instead of the hearth-stone's bright glow,
Or the cavernous fire-place cheery with flames,
We have "modern improvements," you know.
And when we converse of those primitive times, [ways,
And the jolly old customs of yore,
We will laugh as we think of their old-fashioned
As we sit round—the hole in the floor.

OTIS PASSENGER and FREIGHT ELEVATORS,
OTIS BROTHERS & CO.,
348 Broadway, NEW YORK.

# 192 and 194 FULTON STREET,

BETWEEN ORANGE AND PINEAPPLE STS., **BROOKLYN.**

Being centrally located below the City Hall, all the principal lines of cars pass the door.

*Our Rooms are large, with high ceilings, well ventilated, newly refurnished with a separate desk and comfortable chair for each student, and in no place is comfort of the pupil more studied, and his moral training better attended to.*

## TO THE PUBLIC.

Our aim is to raise the institution to an equal footing with any other in the land. There is no reason why Brooklyn should not possess an institution of learning where all branches, preparatory to a Mercantile or Professional life, may be obtained, as well as elsewhere. There is no reason why our young men should be sent abroad at great expense, when by a little effort, all that is desired may be obtained at home.

Let our intelligent citizens lend us their aid by patronage and encouragement, and we will guarantee as thorough an education as can be obtained in any other place. We cordially invite parents and guardians to call and visit the institution for themselves. You can see our methods of teaching, and then you will be able to judge for yourselves. We do not wish to make any vain boasts, but are determined to give the public a chance to favorably say of us, "By their fruits ye shall know them."

### THE DESIGN OF THIS INSTITUTION

Is to impart to all our students a thorough and practical business education, in the shortest time. at the least possible expense (*day or evening*).

### BRANCHES TAUGHT.

Bookkeeping, Penmanship, Correspondence, Commercial Law, Business and Common School Arithmetic, Spelling, Grammar, Rhetoric, Algebra, Geometry, Navigation, Chemistry, Phonography, Telegraphy, Latin, Greek, Hebrew, German, French, and Spanish, or any other branch required to prepare for business.

## A WORD TO PARENTS.

Those who intend to give their children a good education, to prepare them for either a Business or Professional life should embrace, *at once*, the opportunity now offered. The benefits to be derived from this Institution are many and great. The students being *at home* will thus be under the immediate care of parents as well as of teachers. Large expense is saved, which always accompanies educational training at boarding schools. Those intending to take a complete course should enter at once, so that correct method and habit in such branches as Spelling, Penmanship, etc., may be acquired from the commencement.

## ANNOUNCEMENT.

The Principal of this Institution, W. A. KISSICK, A. M., has been well known for the past 17 years, in the cities of New York and Brooklyn, as a *successful teacher*, and will be happy to refer strangers, by permission, to gentlemen of the highest literary and social standing; also to former and present pupils, many of whom he has been instrumental in placing in positions of honor and emolument.

We have been 9 years in the present building.

## LADIES' DEPARTMENTS.

Separate apartments fitted with modern conveniences for Ladies and Misses, where they receive the same thorough instruction as gentlemen, in English and Commercial branches. Ladies prepared for examination as Teachers in any of the branches, at hours to suit.

---

# COMMERCIAL DEPARTMENT.

## THE BOOKKEEPING

Is thoroughly taught by a practical Bookkeeper. The terms Dr. and Cr. are fully explained; the nature of *entries* defined, and *journalizing* elucidated; Ledger Titles; *closing* and *opening* books, and *balance sheets* fully taught. As the student proceeds, every operation shall be thoroughly analyzed, until he is made familiar with all the principles of the science, and enabled to grasp the subject as a connected whole.

## COMMERCIAL LAW,

Relating to Contracts, Agency, Collections, Negotiable Paper, etc., is a part of the regular Commercial Course.

TERMS—Three months, $10 to $15. One year, $35.

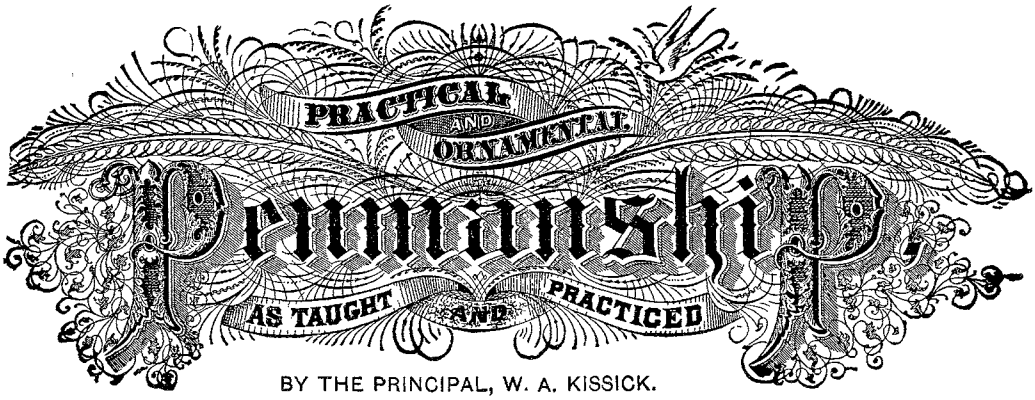
## THE ENGLISH COURSE,

Consisting of Reading, Writing, Spelling, Grammar, Composition, Arithmetic, and Letter-Writing. Merchants and business men will agree with us, when we say that besides Penmanship, Arithmetic, Business forms and Bookkeeping—important as these unquestionably are—there are other things, without a knowledge of which, a good business education cannot be considered as complete. Among these, we would particularly mention correct spelling, punctuation, and a sufficient acquaintance with the rules of Grammar and Composition as will enable the student to compose either a good letter, business card, or advertisement. For the acquisition of these accomplishments, the ambitious student will find, in our Institution, the most ample facilities.

The full English Course, three months, $10 to $15. One year, $45.

## EVENING SESSION.

For the benefit of all those who may be unable to attend during the day, we hold an evening session from 7 till 9 P. M. None too backward or too old to learn, as each student will be instructed separately or privately.



## ELOCUTION.

Having secured the services of an Elocutionist of long experience, we are prepared to give instructions in this useful art. Particular attention is given to the training of the voice; correct pronunciation, articulation, emphasis, accent, etc., are carefully taught. Those having in view the Ministerial or Legal Profession should embrace, without delay, the rare opportunity now offered.

## LETTER-WRITING.

This accomplishment has been so much neglected in our Seminaries, that it is rare to find a pupil who is capable of composing even a tolerable letter.

By our system the student is taught, by the rules of grammar and composition, with constant daily practice, how to express his thoughts clearly and concisely. To the diligent scholar we assure the ability to compose a letter that may be the means of opening his way to prosperity and which will reflect credit on himself and his teachers.

BY THE PRINCIPAL, W. A. KISSICK.

His success in the past enables him to guarantee all persons great improvement. In removing Stiffness, Crampness, and Trembling of the Hand and making Bold, Rapid, Graceful and Off-Hand writers, he stands pre-eminent.

TERMS—One month, $5 ; three months, $10.

## COMMERCIAL ARITHMETIC

Embraces a complete knowledge of all the essential parts of Arithmetic, such as Common and Decimal Fractions, Percentage, Interest, Exchange, Equation of Payments, Avaraging Accounts, Partnership, Settlements, etc.

Three months, $10 to $15.

## NO CLASS SYSTEM.

There being no *class system*, Gentlemen and Ladies, whose early education has been neglected, will find with us superior advantages for reviewing and pursuing their studies *in private*. For backward boys this is a rare opportunity, as no pains will be spared to bring them forward as speedily as possible.

## DIPLOMAS.

All Students *faithfully* completing their course shall be furnished with Diplomas, which are often, in themselves, of more value to the Student than the sum paid as tuition fee.

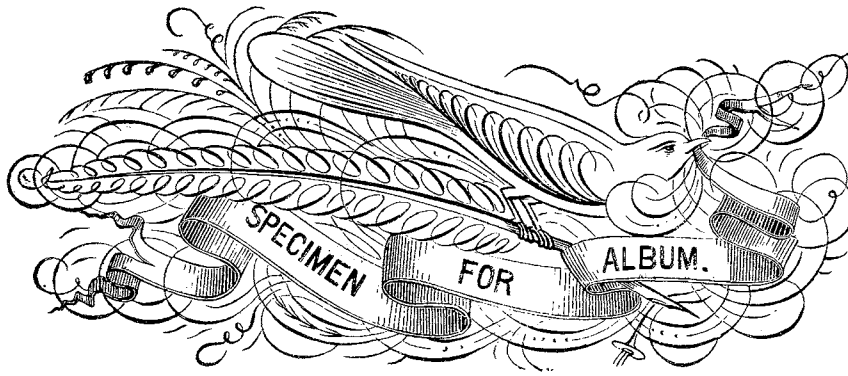
## EMPLOYMENT.

Of the large number of Students who have taken a complete Commercial Course at this Institution, not one of them has failed to procure a situation.

Merchants and others who want Bookkeepers, Cashiers, Clerks, etc., Male or Female, will find it to their advantage to call on the Principal ; as none but *competent*, faithful and trustworthy persons will be recommended. No charge.

## PHONOGRAPHY.

Young men and women taught practically Short-hand Writing, fitting them for Verbatim Reporting—one of the most lucrative professions of the age.



## ASSISTANTS.

They are gentlemen and ladies of ability and long experience in teaching.

## DEPORTMENT.

The discipline of the Institute is mild but effective. We rule by love and not by fear. The Principal and his Assistants appeal to the Students' sense of gentlemanly propriety and behavior ; yet prompt and cheerful obedience will be insisted upon, and no insubordinate person will be retained in the College.

## MATHEMATICS

Thoroughly taught—viz.: Algebra, Geometry, Trignometry, Conic Sections, Differential and Integral Calculi.

## GERMAN.

Taught by a native Professor, Day or Evening, $15 to $20 per quarter.

Students may be taught in class, separately, or the Teacher will go, if desired, to the residence of the pupil.

## Terms for the Full Business Course. Time Unlimited.

# KLETT'S
# Folding Nursery & Sick Chairs,

CLOSED.

OPEN.

Patented October 12th, 1880, and December 20th, 1881.

DIPLOMA AWARDED

**American Institute Exhibition, 1881.**

These engravings represent the Nursery Chair as open and ready for use, and folded to lay away. The several parts, excepting the table, are hinged together, and, when open or folded, are held in position by small hooks; the table is detached from the chair, but, by a very simple process, is securely fastened to it when desired, or is packed within the chair when it is folded.

When ready for use the chair is of the usual size of Children's Nursery Chairs, but when folded it is only 19 inches long, 12 inches wide, and 2¼ inches thick, thus enabling it to be packed in the smallest size trunks. The Chair is light but strong, is simple, has no complicated fastenings, and can be easily opened and folded. Being made of wood well oiled or varnished, a damp cloth will remove all stains and prevent all odors.

The space underneath the seat is sufficiently large to allow of an ordinary vessel being used, thus doing away with the necessity of carrying one especially for this purpose when traveling. A cover fitting the opening in the seat allows of the Chair being used for the ordinary purposes of a child's sitting chair.

Price, in walnut, $3.00; ash, 2.50; white wood, $2.50.

KLETT'S FOLDING INVALID CHAIRS. Price, from $8.00 to $12.00.

A liberal discount to the trade.
